✓ 24/7 Emergency Support

Always ready for urgent repairs.

✓ Cost-Effective & Reliable

Solutions tailored to your needs.

✓ Integrated Systems

Our newly installed systems will send notifications to your phone to keep notified 24/7

Delivering safety, reliability, and compliance every step of the way.

OUR SERVICES

At **PyroTek** we provide a full suite of fire protection solutions tailored to your needs

We Design, Supply, Install and Maintain all your Fire Equipment

Fire Alarm System

Advanced alarm solutions with detectors, call points, and control panels for fast fire detection and response and notifications to your phone.

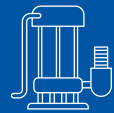

Fire Hydrants

High-performance hydrants with pressure testing, inspections, and upkeep for large-scale firefighting readiness.

Fire Hose Reel

Durable hose reels providing quick access to water, regularly inspected to ensure functionality in emergencies.

Fire Pumps

Electric, diesel, and jockey pumps designed for consistent water supply, tested and maintained for peak performance.

Fire Extinguishers

Certified extinguishers with proper placement, refilling, and servicing to ensure quick, reliable fire response.

Fire Suppression System

Automatic suppression using gas, foam, or water mist, ideal for server rooms, kitchens, and industrial areas.

WE ALSO ASSIST IN OBTAINING YOUR LOCAL FIRE DEPARTMENT APPROVAL LETTER.

Fire safety is not just about installation! Regular maintenance ensures your system works when you need it most!

OUR PROCESS.
